

# Wonky Churn Dash Block

Fabric	Notes
9 - 5" squares	White or White on White
4 - 3" x 7" rectangles in Color A	Colors A and B should be cool colors – Purples, Blues, Greens
4 - 4" x 8" rectangles in Color B	

Make the sides of the Churn Dash - Lay one Color A block over a background square at an angle so that the right side of the Color A block is more than halfway to the right of the background square. Make sure right sides are together and pin in place.

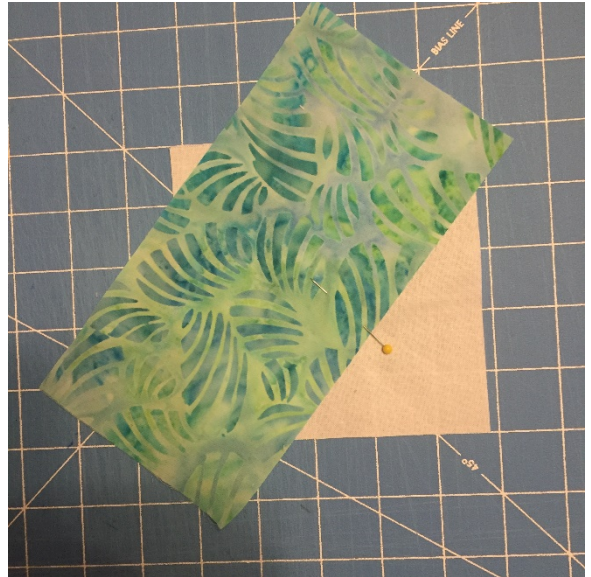

Sew a quarter inch away from the right edge of Color A.  
Trim the white fabric away and press open to the dark side.  
Using the white portion as a guide, trim the excess Color A fabric back to a 5" square.

Make 4.

Make the corners of the churn dash.

Lay one Color B block over a background square at an angle so that the right side of the Color A block is more than halfway to the right of the background square. Make sure right sides are together.

Sew a quarter inch away from the right edge of Color A.  
Trim the white fabric away and press open to the dark side.  
Using the white portion as a guide, trim the excess Color B fabric back to a 5" square.

Make 4.

You should have 4 side pieces in Color A, 4 corner pieces in Color B, and one white square. Lay them out into a nine-patch churn dash with your remaining white square in the middle. Sew together the nine patch.
