

Materials Needed

2 – jelly roll strips (2 1/2”x width of fabric)

Sew the 2 strips together down the entire piece of fabric

Then cut strip in half. Now you have two strip sets. Alternate fabric and sew together down the middle.

Press all fabric to one side. This will help in the next step so that our seams will be nested.

Now sub-cut into 4 – 4” pieces

Alternate fabric again, and sew into two separate blocks.
