Magic Stack n Whack

Stack n Whackier

- One Block Wonder, One Fabric, One Shape (Available on Amazon)
- Uses equilateral triangles to form repeat patterns

Expert Tips

- Select a fabric with multiple motifs (forest/animals/flowers/combined)
- Select a fabric with multiple colors, light to dark. Look at Border Prints
- Use the <http://oneblockwonder.com/design-helper/> to preview how a fabric might look after cutting repeat patterns.
- Check out the back of fabric to see if its usable for mirror image designs
- Select fabrics with colors you like!

There are many YouTube Tutorials

- Hexified Panel Tutorial with Liz Granberg-Jerome (annoying music, but gives a decent, quick overview)
